**SAMPLE(S) DESCRIPTION:** One super absorbent pad sample was received for assessment of antimicrobial activity.

\* The width of the growth-free zone surrounding the test specimen.

\*\* Percentage of bacteria-free area under the test specimen.

## TEST RESULTS:

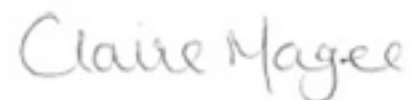

SAMPLE DESCRIPTION	GROWTH-FREE ZONE (MM)*	CONTACT INHIBITION (%)**
1. Super absorbent pad treated with Health Guard Vibax	15	100

**COMMENTS:** The sample demonstrated good against the *S. aureus* test organism.

100% means percentage of bacteria-free area under the test specimen.  
The method 147-2004 test determines the antibacterial activity of a treated article against bacterial test organisms.
